PORT MARITIME

TR SHIPPING NV

Female-led

ABOUT

TR Shipping N.V. is a maritime and logistics service provider focused on supporting shipping, offshore, industrial, and port activities in Suriname. The company offers a wide range of services to local and international clients and strives for reliable, efficient, and safe service delivery. Our main products and services are:
1. Ship Supply. TR Shipping provides the delivery of essential goods and materials to ships calling at Surinamese ports. This includes, among other things: drinking water; fuels and lubricants; food and provisions; safety and operational supplies; technical and maintenance-related materials.
2. Delivery of Drinking Water to Ships. We supply drinking water to seagoing and inland vessels in accordance with applicable quality and safety standards. This service is available to commercial vessels as well as offshore units and other maritime users.
3. Fuel Deliveries. TR Shipping supplies fuel to ships, companies, and industrial clients. The service includes efficient planning, safe delivery, and reliable support of operational activities.
4. Port and Logistics Support. The company offers various logistics services in support of shipping and port activities, including: transport of goods and materials; coordination of supply operations; support for port activities; logistics planning and execution.
5. Transport Services. With its own fleet of vehicles, TR Shipping supports clients with the transport of goods, materials, and operational supplies, with a focus on safety, reliability, and timely delivery.
6. Maritime Support Services. TR Shipping offers additional services to shipowners, agents, and companies in the maritime sector.
