Female-led

## ABOUT

OUR SERVICES Faerber Consultancy is a multidisciplinary advisory and support firm that helps organizations strengthen their people, processes, performance, and governance. We offer practical, strategic, and operational solutions that help organizations grow, work more efficiently, remain compliant, and create sustainable value. Our services focus on both startup and established organizations across a wide range of sectors, including the oil and gas industry, offshore services, logistics, maritime services, construction, professional services, SMEs, non-profit organizations, and other growing enterprises. We combine practical experience, structured methodologies, and a solution-oriented approach to support organizations with their daily operational challenges as well as their long-term objectives.
HUMAN RESOURCES, WORKFORCE & TALENT SOLUTIONS We support organizations in attracting, developing, managing, and retaining talent. Our services include, among others:
• Support for recruitment and selection of personnel • Recruitment process support • Screening and assessment of candidates • Talent sourcing and talent pipeline development • Workforce planning • Personnel administration • Onboarding and offboarding processes • Drafting job profiles • Competency and skills analyses • Performance management systems • Personnel development programs • Workforce readiness programs • Student and graduate programs • Career coaching and career development • HR processes and optimization • Interim HR support • HR audits and compliance reviews • Organizational development.
HR GOVERNANCE & COMPLIANCE We help organizations set up and strengthen professional, compliant, and future-proof HR policies.
