## ABOUT

CLIP Training & Consultancy N.V. is a Surinamese human capital and business support company that supports organizations in the fields of talent acquisition, secondment, remote staffing, HR support, leadership development, and talent development. The company focuses on both the Surinamese and international markets, with a strong focus on Suriname, the Caribbean region, and the Netherlands. CLIP's main services include, among others:
•Recruitment & Headhunting services for operational, specialist, and management positions.
•Talent on Demand / secondment of professionals via a business-to-business structure.
•Remote staffing solutions for administrative, HR, back-office, and support functions.
•HR support & advisory services, including HR structures, job classification systems, appraisal systems, payroll support, and HR compliance.
•Leadership & Talent Development programs for young professionals, managers, and executives.
•Professional trainings and certification programs in the fields of HR, leadership, talent management, and AI.
•Interim HR & project support services.
•Organization of recruitment events, talent summits, and professional networking events.
•Support with workforce development, employability, and talent pipelines.
•Consultancy services focused on organizational development, people management, and strategic growth. In addition, CLIP actively works on innovative solutions in the field of remote talent support, international talent mobility, and managed workforce solutions from Suriname.
