ABOUT

OneShot International is a business growth and digital transformation company focused on helping entrepreneurs, startups, and small-to-medium-sized businesses start, build, launch, and grow through a combination of consulting, training, technology, and business support services.
What We Do:
Business Growth & Consulting. We help businesses develop growth strategies, improve operations, increase sales, and become investment-ready through coaching, consulting, and accelerator programs.
Training & Learning. Through the OneShot Learning Platform, we provide online courses, workshops, certifications, business programs, and entrepreneurship development initiatives.
Sales, Marketing & Branding. We support businesses with digital marketing, lead generation, branding, social media marketing, customer acquisition, and sales growth strategies.
AI, Automation & Digital Transformation. Through our SOMBI platform, we help organizations automate sales, marketing, customer service, and operational processes using CRM systems, AI assistants, automation tools, and business intelligence solutions.
Website & Platform Development. We design and develop websites, e-commerce stores, learning platforms, membership portals, and custom digital business solutions.
Content & Digital Course Creation. We assist experts, coaches, trainers, and organizations in transforming their knowledge into professional online courses, webinars, and digital products.
Entrepreneurship & Investment Programs. Through accelerator and mentorship programs, we help entrepreneurs strengthen their business models, prepare for funding, and scale their ventures.
Events & Business Conferences. We organize business summits, workshops, networking events, leadership programs, and entrepreneurship conferences such as the Next Level Business Summit.
