ICT SERVICES

E.A.S. Creative Group N.V.

Female-led

ABOUT

E.A.S. Creative Group Limited is a multidisciplinary digital, creative and technical service company, founded in 2018 and based in Paramaribo, Suriname. The company supports businesses, government institutions, non-governmental organizations, small and medium-sized enterprises and private initiatives with tailor-made solutions in the fields of digital development, ICT infrastructure, business operations, branding and media production. E.A.S. Creative Group distinguishes itself by not acting solely as an executing supplier, but as an engaged collaborative partner. Every assignment begins with understanding the organization, its way of working, its objectives and the client's concrete challenges. Based on this, practical, reliable and affordable solutions are developed that fit within the client's operational environment and can genuinely be applied.

Web development and digital products
E.A.S. Creative Group designs, develops, implements and manages digital solutions with which organizations can improve their communication, service delivery, internal processes and customer contact.

The services include, among others: development of professional business websites; development of websites for projects, programs and campaigns; design and realization of web applications; development of mobile applications; development of internal portals and dashboards; digital registration, application and information systems; online forms and automated workflows; linking websites and applications with external systems; integration of analytics, reporting and measurement tools; development and editing of digital content and web copy; technical optimization of existing websites and applications; security of websites and digital environments; periodic technical maintenance, updates and support.
