N.V. Global Online Moderators

Female-led

ABOUT

N.V. Global Online Moderators is a Surinamese business service provider specialized in Business Process Outsourcing (BPO), online moderation, customer contact, and building custom web and mobile applications. The company supports local and international businesses with professional services in contact center operations, chat and email support, telephone customer service, online content management, data processing, transcription, virtual assistance, marketing support and administrative processes. In addition, N.V. Global Online Moderators offers support to companies that want to organize their online presence, customer communication and operational processes more efficiently. Through experience with international clients, digital platforms and scalable online workflows, the company can flexibly respond to the needs of foreign investors, exporters and businesses seeking reliable business support in Suriname.
