MARKETING COMMUNICATIONS

BOSROKO

Female-led

ABOUT

BOSROKO N.V. / SRAPU Studio offers a broad and integrated range of communication, media and marketing services for government agencies, international organizations and the private sector in Suriname. The main products and services are:
1. Print services — Graphic design and print production of printed materials, folders, brochures, posters and large-format materials such as banners and billboards on flex and vinyl material.
2. Placement of visual communication materials — Physical installation and placement of billboards and banners in Paramaribo and all districts of Suriname for national campaigns.
3. Video and photo production — Professional video recording, 2D/3D animations, mini-documentaries and promotional films for national and international audiences at UN quality level.
4. Public Relations & Media Communication — Development of communication strategies, press releases, social media content, radio commercials and newspaper articles for government and NGO campaigns.
5. Internal & external communication — Development of house style guidelines, communication plans and capacity building for communication teams.
6. Branded Merchandise & Goodies — Production and delivery of personalized promotional items and branded merchandise for national and international organizations.
7. Event organization — Coordination and execution of national events, workshops, award ceremonies and awareness activities in collaboration with government agencies and NGOs.
