PACKAGING

Seed Grain Processing NV

ABOUT

Seed|Grain Processing N.V. is a Suriname-based food processing, packaging, and private-label solutions company focused on transforming bulk agricultural and basic consumer products into professionally packaged, retail-ready goods for supermarkets, wholesalers, and emerging brands. The company operates at the intersection of food processing, packaging innovation, and brand development, offering scalable solutions for staple commodities, superfoods, healthy snacks, nuts, seeds, and private-label consumer products. Seed|Grain Processing aims to become a leading packaging and value-added food processing hub in Suriname by helping businesses transition from bulk commodity trading to branded retail distribution. The company's core activities include: Food repackaging and retail conversion, Private-label product development, Superfood and healthy snack packaging, Value-added consumer product solutions, Packaging and branding support for wholesalers and retailers. Through its brands, including Purely Vital Superfoods and Quality Prime, the company is strategically positioned to serve both the growing health-conscious consumer segment and the mass-market staple goods sector. Seed|Grain Processing's long-term vision is to build an integrated food processing and packaging ecosystem that supports regional distribution, supermarket private labels, and future export opportunities throughout the Caribbean and South American markets.
