AUDIT ACCOUNTING

KJconsulting NV

Female-led

ABOUT

KJ Consultancy is an independent financial advisory firm based in Paramaribo, Suriname, specialized in Financial Advisory, Audit Support, and Business Solutions. The service offering targets companies operating nationally in Suriname, with a growing focus on the Caribbean region — from local companies to subsidiaries of foreign groups. KJC combines technical depth in international reporting standards (IFRS) with practical knowledge of the Surinamese business, fiscal, and legal context. KJC offers five forms of services, which can be taken separately or in combination: Consultancy & Advisory — project-driven financial advice and IFRS support. Processing — bookkeeping, payroll administration, and periodic closings. Full Outsourcing — KJC as an outsourced finance function for companies without their own local team. Fiscal Support — preparation of tax returns and collaboration with external tax advisors. Process Optimization & IT-Enabled Finance — redesign of financial processes and system support. For a more detailed description of each service area, please refer to our website: kjgroup.solutions.
