QUALITY CONSULTANTS

EC Operations

ABOUT

EC Operations is a versatile partner in consultancy, training and operational support, focused on strengthening organizations in both the public and private sectors. We provide integrated solutions that help organizations grow, professionalize and comply with international standards. Our core activities include:
1. ISO Management & Certification Support. We guide organizations fully through their journey toward ISO certification, including ISO 9001 (quality), ISO 14001 (environment), ISO 27001 (information security), ISO 45001 (occupational safety), ISO 22000 (food safety), ISO 27001 (information security), ISO 42001 (AI management), and more. This includes, among other things, gap assessments, documentation development, internal audits and full audit preparation.
2. Training & Competence Development. We offer practice-oriented training and development programs for professionals and teams, including, but not limited to, ISO, ESG, AI, Health & Safety, Information Security, Leadership Development, Fire Safety, IT Governance, Risk & Compliance (GRC) and Cybersecurity. Our training is aimed at direct applicability and measurable improvement.
3. Business Support & Outsourcing Services. EC Operations supports organizations with various business functions such as HR management, accounting, budgeting, marketing & sales support, customer service, legal documentation, content creation, ICT services, web and app development, and e-learning solutions. In this way we function as an extension of your organization.
4. Sector-Focused Consultancy & Project Support. We provide specialized support to sectors such as government, oil & gas, logistics, aviation, hospitality and security-related organizations. This includes project management, audits, compliance advice and operational optimization and support to police and military institutions.
