AUDIT ACCOUNTING

Exlent Accountancy & Financial Services N.V. (hon Exlent Accountants)

Female-led

ABOUT

We are a team of certified accountants and accountancy-related professionals, combining strong local expertise with international expertise. Our organization stands out through a client-focused and personal approach, in which quality, commitment, and professionalism are central. We provide services in the areas of Assurance (audit), assurance-related services (financial services, compilation engagements, audit readiness), and advisory. Through our cooperation with foreign accounting firms, we remain closely connected to international developments, technical standards, and changing business environments. This enables us to support clients with solutions that are both locally relevant and internationally oriented. Within our organization, a professional, accessible, and collaborative culture is central, in which lasting relationships and high-quality service go hand in hand.
