ABOUT

Zenobia N.V. is a company that offers products and services in the areas of office solutions, water supply, security, and document management.

Office equipment and printers: Zenobia N.V. is a dealer of renowned brands such as Kyocera and Brother. The company sells and leases printers for both small and large organizations. In addition, Zenobia supplies scanners and paper shredders, which contribute to efficient processing and secure destruction of documents. The company also sells A4 paper and printer toners.

Water supply (Zenobia Bottling): Through Zenobia Bottling, the company produces and distributes 5-gallon bottled water for households and businesses. Zenobia also provides water delivery, the sale of water dispensers, and the maintenance of these dispensers, so that customers always have access to clean and safe drinking water. The company also has a drive-thru where customers can quickly and easily exchange their empty water bottles for filled ones.

Security solutions: Zenobia N.V. supplies various security products and services for businesses and organizations. The range includes safe systems for the secure storage of valuables and documents, as well as UR Fog mist security systems that quickly create an impenetrable fog in the event of a break-in.

Document and IT solutions: In the area of document management, Zenobia N.V. supplies digital solutions such as Folderit, a system that allows organizations to securely store, manage, and share documents.
