Celery Payroll & HRM software (GPS International BV)

Female-led

ABOUT

Celery is the leading online payroll and HRM solution for Suriname, Guyana, Aruba, Curaçao, Sint Maarten, the British Virgin Islands and the Dutch Caribbean. With Celery you process payroll quickly and error-free. A standard payroll run takes less than 2 minutes. Payroll changes, overtime and deductions are easily imported via Excel or CSV. All data is securely stored in the Cloud. Celery operates fully in compliance with local laws and regulations. The built-in HRM module centralizes all your HR tasks: from leave management and digital leave requests to HR document management and real-time insight into vacation balances. Employees request leave digitally and view their documents via the free mobile app, available in Dutch, English and Spanish. Our software integrates seamlessly with your existing accounting systems, HR tools, banking platforms and government portals. Manual data entry is a thing of the past, minimizing errors. Celery is highly secure; we take every possible precaution to secure our infrastructure and applications. Celery is suitable for SMEs, enterprise organizations, administrative offices and pension insurers. Features: user-friendly and quick to use. Free mobile employee self-service app.
